

## Preventative Maintenance Agreements (PMA)

Unlike our competitors we are fully accredited service agents for all of the major items of plant that we install. We have long standing arrangements with these manufacturers to provide competitive initial pricing right through to being able to offer long term Preventative Maintenance Contracts supported by the manufacturer.

We can offer a customised service, based upon the frequency and all the specific requirements of your facility.

Below find a list of some of the services we can provide in our PMA's for your facility.

Manual clean of the pH and Chlorine Measuring Electrodes and inline sample cell
